

MAN CLIMBS TALL TREE AND TAKES POISON

WOULD SUICIDE HIGH IN THE AIR

Selects Strange Place in West Berkeley in Which to Try to End Life.

BERKELEY, May 18.—Climbing a tall eucalyptus tree at Corbin station in West Berkeley, George C. Wilson swallowed the contents of a bottle of morphine last night, at about 9 o'clock, with intent to commit suicide.

If it had not been for the arrival of the police the man would have succeeded in the desperate act, but as it is his condition is precarious.

Pedestrians in the vicinity of Corbin railroad station saw Wilson climb the tree, armed with a bottle of whisky. Aroused by curiosity at what the man was about they stood watching him. They were horrified to see him take out a bottle of morphine from his pocket and empty the flask.

With a thud the dying man fell to the ground, and the spectators rushed to his aid. The police were at once notified.

Sergeant Parker of the police force hurried to the scene with a wagon. Wilson was carried to the police station where Dr. Rowell at once administered an antidote for the poison. This prompt action on the part of the physician somewhat restored the man from his stupor. His condition was considered too dangerous to warrant his removal, and he was kept in the police station all last night.

Early this morning Wilson was found to be greatly improved, but as yet Dr. Rowell has not made an examination, so it is not known whether or not he will survive the day.

From the incoherent statements uttered by Wilson it was learned that he obtained the drug from Merced. But beyond this fact nothing could be discovered.

WOMAN IN DESPERATE BATTLE ON STREET

Mrs. Mary Nixon, wife of a saloon and lodging house keeper of Fitchburg, was attacked on the streets of that village by two men last night, and escaped only after a desperate struggle.

Ariso Luigi, who is accused of being one of the men, was arrested by Constable Cramer, who was forced to use his club to subdue him. The other man, whose name is unknown by the police, escaped while Luigi was fighting with the constable.

Luigi and his companion were seen around Nixon's saloon early in the afternoon, but left about 3 o'clock. They evidently procured liquor elsewhere, for when they were next seen about an hour later they appeared to be badly intoxicated. Late in the afternoon Mrs. Nixon left the lodging house to do some shopping and met the men on the street.

Without a word, she says, Luigi grabbed her and his companion placed his hand over her mouth. She struggled with them and her clothing was torn, but she finally escaped from their grasp and screamed. Constable Cramer ran to her assistance and caught Luigi half a block away. Luigi showed fight, but Cramer, with the use of his club, handcuffed him and took him to the county jail, after Mrs. Nixon had identified him as one of her assailants.

Luigi is about twenty-six years old and is employed at the Fruitvale quarry. He denies that he was a party to the attack upon Mrs. Nixon.

WILL TRY TO BUILD A LARGE HOTEL

The San Francisco and Oakland minutes walk from Thirteenth land Building and Realty Company and Broadway. It is proposed to build a large plan on hand to issue bonds in the sum of \$250,000, build a magnificent hotel in 1900, bearing six per cent interest, and also stock in the sum of \$250,000.

The site selected is on the northeast corner of Thirteenth and Oak streets. The property, which has been practically secured, to allow the small merchant to acquire an interest in the big hotel. An effort is being made today to get the plans in shape for the hotel. The matter will be pushed along by a number of local capitalists.

\$10,000 WORTH OF DAMAGE IS DONE BY A MANIAC

Madman Wrecks Southern Pacific Company's Property in San Bernardino County Before Being Captured.

LOS ANGELES, May 18.—Ten thousand dollars' worth of Southern Pacific property was destroyed by a crazy man named Hancock at Indio, in San Bernardino county, last night, who smashed and burned everything that lay in his path until he was finally captured, which was not effected without difficulty.

SMASHED SWITCH LIGHTS.

Of Hancock nothing is known at Indio. He left there about 9:45 o'clock last night, walking along the Southern Pacific track west towards Edom, smashing all the switchlights on the way. Between Indio and Edom, a distance of about twelve miles, which he made in quick time, Hancock shattered seven signal lamps.

At Edom there was nobody in the roundhouse to interrupt his work of destruction, and he set fire to the building. It was totally destroyed and the flames spread to two box-cars on a siding, burning them, thence to the telegraph poles.

SERVICE INTERRUPTED.

When the poles fell all the railroad's wires on that division were broken and the interruption of telegraphic service was the first intimation the chief train dispatcher of the Southern Pacific in this city had that anything was wrong. Immediately the company's wire to Chicago was brought into use, and by that means Beaumont was reached and a special engine and car were sent out from there with Constable Carpenter of Banning on board.

DOES MUCH DAMAGE.

When Hancock saw the roundhouse, box-cars and telegraph pole in ashes he continued his journey toward Palm Springs and Beaumont, looking for more destructible material. On the hill the engine met him and, after a short, sharp struggle, Constable Carpenter subdued the supposed maniac, took him aboard bound hand and foot, and a few minutes later landed him in the Beaumont jail.

A conservative estimate of the damage furnished by the superintendent of the Los Angeles division, today, is \$10,000.

FIGHT FOR WATER-FRONT MONOPOLY

The fight between the Realty Syndicate and the Henry Dalton's Sons Company is developing many phases, and has injected some new questions into water front titles and the privileges they confer. Judges Ogden, Ellsworth and Waste, who are hearing the application of the petition of the Daltons for a temporary injunction to restrain the Syndicate from cutting them off from access to deep water, are manifesting deep interest in the points raised by the contestants. They ask numerous questions of the attorneys, some of them rather disconcerting. Harmon Bell expected to close for the defendant corporation yesterday, but he had so many knotty propositions to meet that he extended his argument till the time for adjournment without saying all he wanted to say. He took up most of the forenoon today combating the points raised by Charles E. Snook and William Laird, representing the Daltons. The character of the queries propounded from the bench apparently prompted him to prolong his argument.

The Dalton Company claims the right of access to deep water in front of their premises on three separate and distinct grounds, namely, ownership of the land lying between high and low tide; second, the right inhering to riparian ownership, third, the continuous use of an open navigable channel to their premises for thirty years. It was the practice of the Dalton Company to ship in material for use in the Dalton foundry by schooner, landing the same on a pontoon wharf moored off the shore.

The Dalton property comprises a frontage of 555 feet on the bay between the Broad gauge mole and the Key Route pier. All the other upland frontage on either side is claimed by the Southern Pacific and the Realty Syndicate.

The Syndicate claims to own the land lying between high and low tide in front of the Dalton premises by right of purchase from the Oakland Water Front Company, which claims under the Carpenter grant. By virtue of this alleged title the Syndicate claims the right to fill in to the bulkhead line in front of the Dalton property, leaving it half a mile or more from the water instead of being directly on the bay shore, as it is now.

The Daltons let a contract to build a wharf out to deep water, but encountered forcible opposition. In the present action, the Daltons having applied for an injunction to restrain the Realty Syndicate from interfering with the construction of the wharf and also to restrain defendant from driving piles in front of their premises and cutting them off from access to the bay.

Mr. Bell contended that the Legislature had virtually abrogated the law of riparian rights around the bay of San

Francisco. He admitted, however, that the law of riparian rights still applied to lands on the ocean shore.

"We have bought the land under the water in front of the Dalton foundry," the Supreme Court has said it is ours, and we have a right to fill it in and use it," he declared.

"Did not the Supreme Court say the owner of the shore has the right of easement to deep water?" inquired Snook.

"But you claimed in your petition to own the land," replied Bell. "You cannot come in here now and claim an easement right when you set up title."

"The Carpenter grant conveys to the grantee all the tide lands to the south shore of the San Antonio estuary," rejoined Snook. "Do you contend that the channel which the government has spent millions in improving for navigation purposes is the property of Carpenter's assignees?"

"That is no flatboat proposition, and it is not worth discussing here," retorted Bell.

Judge Ogden wanted to know if Bell believed the grant of submerged lands conferred the right to fill up and destroy navigable channels. Mr. Bell said it did.

In closing this morning, Bell sneered at the flatboat navigation rights claimed by the Daltons, and charged that the plaintiff was obstructing a great public improvement. The burden of his contention was that the Daltons, owning only a small portion of the water front had no business to get in the way of the schemes of the big corporation he represents.

"Mr. Bell's contention is the contention of every great monopoly that has arisen in the history of this country," said Snook. "The right of the Daltons may be small, but it is as large as the law and as great as the people. Mr. Bell ignores the status of conditions. On the southern shore of the San Antonio estuary the Southern Pacific is building docks and wharves to the bulkhead line by virtue of its riparian rights. Its title is derived from the Carpenter grant through the Oakland Water Front Company. If Mr. Bell's contention be accepted, we should have presented the spectacle of one great corporation taking possession of the entire southern water front of the city by virtue of riparian ownership and another great corporation—the one represented by Mr. Bell—monopolizing the water front on the north by virtue of the claim that riparian ownership confers no right of access to the water. One rule of law cannot apply on the south side of the estuary and an opposite rule of law apply on the north side."

"If the right of the citizen to access to the sea has been utterly destroyed by the Carpenter grant, if it be true that

MISSING; SUICIDE?

Leaving a note in which he announces that it is his intention to "cross the river where travelers never return," William Russ Smith, a former employee of the Home Telephone Company, has disappeared from his home at the residence of C. Scharf, 823 Filbert street, and it is feared that he has committed suicide. Smith left the following letter to Scharf and his wife:

"Mr. and Mrs. Scharf—Dear Friends: My day is doomed at last. I have no people, no true friends, no money, no health, life, nothing. For some cause life has been blackened in my footsteps, seems that there is no one to take me by the hand and say, 'You are my friend.'"

"I was born in Calhoun, Ga., Gordon county, April 3, 1881. For 10 years I have traveled all over the world. Made lots of money but it is all gone. My people were at one time very wealthy and I lost out. So I have no money, health or friends."

"I am going over the river where travelers never return."

"Thanking you very much for your kindness, good bye."

"WILLIAM RUSS SMITH." The missing man is described as being about 5 feet 8 inches in height, with blue eyes, dark curly hair, and weighing about 160 pounds. He had one gold tooth, and the front teeth were tipped with gold. When last seen he was dressed in a dark striped suit and cap. Until Thursday, May 10th, he worked for the Home Telephone Company, being engaged in shaving poles at Sixteenth street depot.

riparian rights no longer exist, then there is no question of law, and the plaintiff has no standing in court. If it has a right which must be hereafter determined, then it is entitled to an order preventing the destruction of this right in advance of adjudication."

The case was submitted and court adjourned till 3 o'clock.

BOY WANTED. Messenger boy with a wheel is wanted in the editorial rooms of THE TRIBUNE.

PLANING MILL AUCTION SALE.

We have received instructions from the owners of the Fourth-street Planing Mill, corner Fourth and Franklin streets, Oakland, to sell the complete line of machinery, boiler, engine and office furniture at public auction, on the premises, Monday, May 21, at 1 o'clock p. m. Open for inspection Sunday, from 1 to 3 p. m. All must and will be sold and lease removed. Building 100x175, to lease.

J. A. MUNRO, Auctioneer. 1007 Clay street, Oakland; telephone Oakland 4671. Continuation auction sale of groceries at 1001 Clay street near Eleventh street, Oakland, Friday, May 18, at 10:30 a. m. J. A. MUNRO & CO., Auctioneers.

BURNHAM PLANS LIKELY TO FAIL

Committee Meeting With Opposition and Taxpayers Will Not Give Land.

SAN FRANCISCO, May 18.—The committee on the beautification of new San Francisco, which has been considering the Burnham plans, the opening of new streets and the widening of old ones is beginning to discover that the San Francisco property owner has little sympathy for the esthetic yearnings of the progressive citizens now working to make this the picture city of the globe. The committee feels that it must have the whole hearted support of the masses or the great opportunity that knocks but once at the door will be lost to all posterity.

One of this committee, who does not wish to be quoted, in talking to a TRIBUNE representative this morning, said: "I believe that if it were possible, to rebuild the city in twenty-four hours that each property owner would go back to his possessions and reproduce there the conditions as they existed before."

FEAR A GREAT PROTEST.

This statement shows the trend of the murmurings which the committee feels will eventually terminate in a great roar. The property owners has not yet awakened to the fact that the old has passed away and if he is allowed to carry out his own private desires the new would probably be even worse than the old conditions.

BUILDING COMMITTEE.

The building committee which has had the fixing of the fire limits and the deciding of the classes of buildings to be erected within these limits, has not been open

to the same conditions that beset the gentlemen who are now taking a peep into the future and would built for posterity. The building committee's action will be of great assistance in obliterating the rookeries in the wholesale and south of Market street districts. But it did not have to seize property. The widening of a street or the making of a new one means condemnation proceedings and perhaps long years of litigation unless a general sentiment can be aroused and the spirit that is being evinced by many converted into one of patriotic enthusiasm.

WILL NOT GIVE LAND.

With the ordinary resources of the city at its command the committee might hope for success in a large measure, but in its crippled condition the fight can only be won by the whole souled assistance and good will of the many. Property owners seemingly are unwilling to give away an inch of land or even to consent in some instances to an adjudication of their interests by an impartial tribunal. If left to them people would still have to go around two sides of a parallelogram to go from the ferries to the railway station at Third and Townsend streets, instead of traversing a direct diagonal to that point, which has been proposed by the committee and would be of untold benefit to the entire water front if the project could be carried through to a successful conclusion.

CHINESE GOING BACK.

This is but one of the instances in which the committee is finding

(Continued on Page 2.)

AUTO AND \$2,400,000 STOLEN IN NEW YORK

NEW YORK, May 18.—A \$10,000 automobile, containing \$2,400,000 worth of bonds, scrip and other valuable papers, was stolen early today by a daring thief who jumped into the machine while it stood unoccupied on Broadway, near Forty-second street. Its owner, J. H. Clarke, an automobile manufacturer, had stepped into a restaurant near by. He heard the automobile puffing as it started away and although he rushed to the street, the thief sped the machine and escaped.

GREAT FIRM COMES TO OAKLAND

Oakland is to have the largest furniture house on the Pacific Coast. Friedman Brothers, formerly of 246 Post street, are the purchasers of the Merritt Block. They are not only a large firm but the members are progressive. The will sell goods throughout the coast and middle west. This is a great firm for Oakland to permanently secure. The firm will greatly improve the Merritt Block, which is located on Twelfth and Franklin.

AMERICAN SAILORS IN BATTLE WITH CUBANS

WASHINGTON, MAY 18.—THE NAVY DEPARTMENT HAS RECEIVED THE FIRST REPORT OF A SERIOUS FIGHT WHICH OCCURRED AT GUANTANAMO, CUBA, ON APRIL 29, BETWEEN AMERICAN SAILORS AND NATIVES, IN WHICH ONE AMERICAN WAS SHOT AND TWENTY-TWO OTHERS WOUNDED. WHILE THE SAILORS WERE ASHORE AT GUANTANAMO THEY LEFT THE NAVAL RESERVATION AND WERE ATTACKED BY A LARGE BAND OF NATIVES, WHO USED THEIR KNIVES AND MACHETES WITH TELLING EFFECT. THE BLUE-JACKETS HAD NO WEAPONS, AND, ALTHOUGH OUTNUMBERED THREE AND FOUR TO ONE, THEY FOUGHT WITH THEIR FISTS UNTIL ALL WERE DISABLED. THE LOCAL POLICE, IT IS SAID, INSTEAD OF ATTEMPTING TO QUEL THE RIOT, SIDED WITH THE NATIVES. THE SAILOR WHO WAS SHOT WAS FOR A TIME IN A SERIOUS CONDITION, BUT HAS SINCE RECOVERED.

AGED MAN HANGED FOR MURDER

BUTTE, Mont., May 18.—Miles Fuller, aged 66, was hanged in this city at 5:30 o'clock this morning for the murder of Henry Galligan. On June 24, 1904, death was instantaneous, the neck being broken. Two thousand people witnessed the execution, hundreds of them being admitted on invitation cards. Fuller made no statement. His extreme age and feeble health led to a widely signed petition to Governor Toole for commutation to life imprisonment, but that official refused to interfere. Fuller was a native of Ireland, and had been in the United States for some years. He was a widower and had several adult children in California. Galligan and Fuller had been bitter foes for twenty years. In 1886, Fuller caught Galligan in the act of attacking a ten-year-old girl and forced him at the point of a revolver to desert. Three times after that Galligan attempted to kill Fuller, and the men never passed without threats and hands upon pistol butts. On the night of October 24, 1901, the men met in West Butte and in the affray that ensued Galligan was killed. Both were prospectors.

PIANO DESERTED!

A chance to get one for next to nothing on your own terms. Three hundred of the pianos left in empty houses in San Francisco still remain to select from.

We must place them somewhere. Some \$40 instruments with balances of \$125. Terms same as former purchaser paid.

SUNDAY SALOONS

The saloons of this city will continue to keep open just the same as they did before the earthquake, and they have been doing for the last two weeks.

This was the agreement reached last night at the meeting of the liquor dealers, bartenders and cigar men of this city in Germania hall.

Although the meeting was called under the auspices of the Royal Arch, the members of the organization above referred to were admitted. J. P. Edoff was chosen chairman. There were possibly three hundred men in attendance.

The saloon men in the heart of town, as also some in the outlying district, favored the closing of their places of business while the saloons remain out of commission in San Francisco.

This procedure was objected to by the majority of those in the outlying district. This opposition was based on the fact that on Sunday the greater part of the saloon business here was done by the in-town saloons. Those who did not do more business than they did before the quake, and yet, they asserted, they had to pay a license for a place where the men who sold fifty times their stock.

The interior saloon men said they deemed it advisable to close next Sunday in view of the fact that on tomorrow the employees in the Union Iron Works, the teamsters and other workmen would be paid off, and they could not drink in San Francisco but would come over here and probably cause trouble.

The opposition asserted that they could control their saloons and at the first intimation of trouble would eject objectionable people, lock the doors and close up business for the day. They also claimed that they would obey the law in every requirement.

At the suggestion of Chairman Edoff, an adjournment was taken after a pledge to this effect had been taken.

MORE RELIEF FOR THE CITY

Circuit Judge W. W. Morrow is in receipt of the following communication from Senator Perkins:

WASHINGTON, D. C., May 10, 1906.—Hon. W. W. Morrow, United States Circuit Court, San Francisco, California.—My Dear Judge: I beg to acknowledge receipt of your favor of the 6th inst., relative to such bills as are now pending in Congress relating to appropriations for the repair of reconstruction of Federal buildings in San Francisco.

I enclose herewith a clipping from the Record of May 2d, showing that my bill appropriating \$1,500,000 for the establishment of an army depot with buildings for fifty stores, etc., at Fort Mason has been inserted as an amendment to the army bill in the Senate and will undoubtedly pass. The clipping enclosed gives also the President's message on this subject and the favorable report of the War Department on the proposition, indicating that when completed the new buildings will furnish accommodations for quartermaster and commissary stores and offices which were previously scattered over the city.

We have thus far passed bills appropriating \$2,500,000, and will probably pass \$1,000,000 more, making a total of \$3,500,000 to be expended by the War Department for the relief of sufferers by the great calamity; also \$70,000 has been appropriated to meet emergencies in the postal service at San Francisco and \$100,000 to give employment for extra men in Navy Yard.

The so-called five per cent bill, which I introduced and which was passed in the Senate February 1st, will undoubtedly be passed by the House, giving to the State about \$1,000,000, and will be available by State for any purpose the Legislature may indicate.

I have also introduced a bill to reimburse the State for moneys expended during the Civil War amounting to nearly \$4,000,000. The delegation will do its best to secure favorable action on this bill, but we are not over sanguine, as it opens up the question of State bounty and the difference in value between gold and greenbacks during the Civil War.

I enclose a copy of a communication from the Secretary of the Treasury, in which he states that the estimates of damages to Federal buildings in San Francisco are as follows: Appraisers'

I remain, cordially yours,
GEORGE C. PERKINS.

AMERICAN ZIONISTS.
A special meeting is called by the district deputy of the Federation of American Zionists to be held Sunday, May 20, at 2 p. m. at Foresters' Hall, corner of Thirteenth and Clay streets. Rev. Dr. Voorsanger and other prominent speakers will address the meeting.

"That's an awfully rude letter," said little Elsie, pointing to the letter. "Q. Why do you say that, dear?" asked her mother.
"Cause," explained Elsie, "it's always stickin' its tongue out."

The Office Boy and His Boss

Well sir, I believe I've got the bestest boss that any body ever had. Yesterday he sent me out with a big new kite and told me to fly it to my heart's content. I did,—husted it against a telephone pole the first fly. He d he noticed I was gettin' pale around the gills and had a careworn look on my face that he didn't like,—says I need more fresh air. Nope! I don't. All I need is more salary—he thinks it's air I want. I tell you we work some in this store. Three hundred and fourteen suits went out yesterday—nine tailors working their fingers off getting out good clothes—most of 'em outting suits with pieces—nifty, dandy suits that made you feel like taking a week off. Everything in outting clothes, white and fancy vests, outting shirts, campers' clothes. Oh, you can't go wrong to put in a word with your friends about this store—square deal, good treatment, big assortment, one price. Oh shucks, just tell 'em that Heeseeman is all right. That's enough.
Clothing that's right.

C. J. HEESEMAN

NEW PERCALES, four hundred pieces of new 36 inch Percales, neat designs; for shirt waists and full dresses. Saturday, over yard 12 1/2c

BURNHAM PLANS LIKELY TO FAIL

(Continued From Page 1.)

its labors becoming burdensome. The Chinese, taking courage, are already devising ways that are dark and tricks that are vain with a view to re-establishing themselves in one of the most valuable portions of the city, and are receiving the support of the white landlords, who seemingly would resurrect again the crib and opium joint rather than adorn the hillside with structures that will

Fritsch Fine Tailoring
UNION SAVINGS BANK BLDG.

attract other than the vultures. The committee, however, realizes the opposition that it has yet to meet, and when the fight comes each one is determined within himself to do the best he can to make an impress of his individuality upon the conditions and hope for aid from the stars that he may win his fight and the salubrious be buried deep down under his own debris

TIRED OF THE SENATE

Senator Patterson of Colorado says he is tired of the congressional grind. Somebody was asking him if he did not think his attitude on the Dominican treaty might jeopardize his chance for re-election. "I have told my people," said Senator Patterson, "that I was not a re-election. I did not have an end to serve a term in the Senate, but my interests at home are such that I cannot afford to neglect them. I have saved my time in which I want to look after. My newspaper interests are important, and besides that I have some patches in which I take a great deal of pride. It will not be a difficult matter for me to keep busy, and profitably busy at that."

ABOUT TO MAKE A CHANGE.
"Narah, are you engaged to that policeman who came here to see you so often?"
"Yes, ma'am, but I've given him warning."

You Won't

cough long if you use Shilo's Consumption Cure, the Lung Tonic. It cures Coughs, Croup, and all irritations of the air passages at most instantly.
You won't lose anything if it fails to cure you, for then your dealer will give you back what you paid for it. If you use Shilo's

You Will

agree that it is the greatest medicine for Coughs and Colds in the world.
"We have used Shilo's Consumption Cure for the last twelve years, and think it one of the best remedies on the market."—Mrs. A. Schmayr, Santa Clara, Cal.
"I can recommend Shilo's Consumption Cure as one of the best cough medicines."—A. A. Glick, Oregon, Ohio.
Shilo's Consumption Cure for Coughs and Colds with most satisfactory results.—Minnie Howe, Portland, Oregon.

STRICTLY TEMPERANCE

NORTHWEST CORNER 9TH AND WASHINGTON STS., OAKLAND.

SENTENCE IS SERVED

PITTSBURG, Pa., May 18.—Alexander Berkman, who made an attempt on the life of Henry Clay Frick during the great steel strike at Homestead, Pa., in 1892, was released from prison today, having served thirteen years in the Western penitentiary and one year in the Allegheny workhouse. Berkman was sentenced to twenty-three years' imprisonment, but earned a commutation of sentence by good behavior, which reduced his term to fourteen years.

Deputy Superintendent Johnson of the Allegheny police department and three Pittsburgh detectives met Berkman upon his release and notified him to leave the city at once. He replied that it would be a pleasure to comply with their wishes and he would take his departure for St. Louis at 4 o'clock this afternoon.

It is said that plans to keep him under surveillance had been carefully worked out, and that he will be constantly shadowed by private detectives.

In an interview Berkman said he had never regretted his act, and would have had no regret if he had succeeded in killing Frick. He said he had nothing against Frick and never expected to see him again. Continuing, he said: "I do not know what I will do until I get to St. Louis. I am going there this afternoon on the first train. There is one thing I am to deny, that is that I am to become a leader of the anarchists in this country and take Herr Most's place. There is nothing in that. I am going to lead a quiet life and try to make an honest living, and I have no doubt that I can do so."

SEVEN SAILORS ARE DROWNED

PORT SAID, Egypt, May 18.—The British torpedo boat No. 56 capsized off this port in the night during the storm. Seven of her crew were drowned.

LAKESIDE RINK WILL OPEN TOMORROW.

The Lakeside Skating Rink will re-open tomorrow evening. A complete band will be in attendance. There will be many attractions to please and interest the spectators. The rink is in first class condition. The floor is perfect and the skates are up to date. There is no doubt but what there will be a large attendance on the opening night.

STEAMER ASHORE; PASSENGERS SAVED.

MOUL Island of Khushu, Japan, May 18.—The German mail steamer Roon from Hamburg March 29 for Yokohama, ran ashore in a fog today near Oki Island. Her passengers and crew were saved by the Japanese steamer Rishi and were landed here.

The bows of the Roon are stove in but it is hoped that the efforts being made to refloat her will prove successful.

MARRIAGE LICENSES.

The following marriage licenses have been issued by the County Clerk of Alameda county: George Brown, 44, and Georgiana Brown, 35, both of Petaluma, Charles V. Swan, 21, and May E. Dunning, 19, both of San Francisco; Robert Harrison, 21, and Grace Fromm, 18, both of Berkeley; Frank Piccolo, 26 and Louise Novane, 18, both of Oakland; Frank Williamson, 38, and Sofie Olsen, 32, both of San Francisco; George Gude Parsons, 26, and Millie Robinson Barnshart, 21, both of Oakland; Andrew L. Bundy, 39, and Isabelle Carter, 37, both of Oakland; John E. Rickman, 28, of San Francisco, and Edith V. Swanson, 23, of Oakland; Tony Joseph Perry, 21, of San Lorenzo, and Rose C. Perry, 17, of Oakland.

FORMER ACTRESS DIES.

NEW YORK, May 18.—Fanny Herling, a former actress, who was a theatrical favorite in New York, died today at Simsbury, Conn.

If You Don't Succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints. Mr. C. of Emory, Texas, writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by Wishart's Drug Store, corner of Tenth and Washington streets.

The Only Exclusive Glove House Around the Bay

The Moss Glove Houses have long been known as the leading homes of handwear in California.

Because of the destruction of San Francisco, the Oakland Glove House is the only one which remains out of five.

Its stock of Summer Gloves is three times larger than usual because we are forced to sell from this one store all the shipments that were under way to the four San Francisco stores at the time of the fire.

Therefore it is that just as Summer is breaking, we are offering special inducements in staple gloves.

Special at \$1.00

—\$1.50 Values

This season's styles; excellent pique-sewn kid; handsome Paris point embroidery finish; single large, handy pearl clasp, equally good for every day wear and dress occasions, in black, white, oxblood, brown, champagne, green, mode and slate, special at \$1.00

Kid Gloves

Special 50c Pair

A specially selected lot of regular \$1.00, \$1.25 and \$1.50 values in kid gloves, taken from many of our best lines; sizes 5 1/4 and 5 1/2 only. While they last 50c pair

The Gamossi

—greatest of all French kids; complete in shades, faithful in fashion, faultless in stitching—it represents the Moss standard of good gloves—

\$1.50 pair

Silk Gloves for Summer

Prices perhaps the same, but quality infinitely higher than in other stores.

A splendid grade of extra heavy 2-clasp silk gloves; double tipped fingers, all shades; also white and black, at—

50c pair

Heavier qualities at—

75c and \$1.00

New Parasols

The first shipment of dainty Parasols is already here—and we want you to see them and note their values.

Children's parasols—

15c to \$4.00

SAGE'S APHORISMS.

Some sayings of Russell Sage: "Friendship remembers; society forgets." "In the home only is there true happiness. It is there a man's best ideas get their birth and grow." "When you have made your fortune it is time enough to think of spending it." "The tender care of a good wife is the finest thing in the world." "Silk underwear is not for hired men." "Clubs are for idle old men and wasteful young men."

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Strockel, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at Osgood Bros., druggists, Broadway, corner 7th, and Washington, corner 12th.

NO MATTER

what your walk in life, you can get a run for your money in (Osgood Bros.) just now, and this is true even if you haven't any money. They're not asking much about your family history—it's how much can you eat and not get up with that hungry feeling? These are stirring times, all right. Have you been around to Lehnhardt's lately? He's a busy man, but he has good help.

Seats for 150 people — no tiresome waits.

IN EASTERN PAPERSAn Arabian Night's Entertainment
--Munchausen Outdone by Ten-
derfoot Liars Making Their
Way East.Ever since the earthquake Eastern
papers and periodicals have teemed
with fictions of the most wild-eyed
character regarding events in San
Francisco. Even the most respectable
and conservative journals in the
country have printed tales as wildly
fantastic as chapters from the Arabian
Nights.For instance, the Review of Reviews
prints fake pictures of the Palace Ho-
tel and other noted buildings shaken
to pieces by earthquake. A woman
writes to a Michigan paper that the
earth in San Francisco "opened in
great chasms from which rose huge
columns of black smoke, showing that
the city is built above subterranean
fires."But the staid old New York Times,
which prides itself on its freedom
from sensationalism and its strict ri-
gidity to truth, takes the palm in the
following dispatch from Omaha dated
April 22:"G. A. Raymond, a rich mine owner
of Tomales, Cal., was in the Palace
Hotel when the shock came.""I witnessed a sight in the streets
I never want to see again," he said."It was dawn and light. I looked up
into the air, and it was filled with
falling stones. People around me
were crushed to death. All around
the huge buildings were shaking and
waving. Every moment there were re-
ports like 100 cannon going off at one
time. Then streams of fire would
shoot out and other reports follow.""I asked a man standing by me
what had happened. Before he could
answer bricks fell on him and he was
killed. A woman threw her arms
around my neck. I pushed her away
and fled. All around me buildings
were rocking and flames shooting
up.""As I ran, people on all sides were
crying, praying, and calling for help.
The sky was green with lightning. I
thought the end of the world had come.
I met a Catholic priest, and he said:
"We must get to the ferry." He led
the way, and we rushed down Market
street.""At places the streets had cracked
and opened. I saw a drove of cattle
wild with fright, rushing up Market
street. I crunched under a falling
building. As they came nearer they
disappeared. When the last had gone
I went nearer and found they had
been precipitated into a wide fissure
I worked my way around it and ran
out to the ferry, crazy with fear and
the horrible sights.""How I reached the ferry I can-
not say, but I found myself with thou-
sands of others jumping on the boat.
It pulled toward Oakland, and men
and women were still jumping for it,
only to fall into the water and drown.
I don't know how I got aboard this
train. I was running when I recov-ered my nerve enough to know any-
thing. I never will return to Cali-
fornia.""Mrs. Emma Lane of Richmond,
Ind., escaped to Oakland in a skiff."Hotel with a party of several," she
said. "After the shock we hurried
into the streets, and with thousands
of others were swept along with the
crowd. We became separated, and I
don't know what became of the oth-
ers.""After two hours' wandering I
found the crowd thinning and after a
while I reached the bay. I was near
a boat-house. I saw a boat inside. I
broke a window, crawled through,
opened the outside door, and started
away in the skiff. I am a good oars-
man, but I was out in that lit-
tle boat for six or seven hours. Then
I reached Oakland, got on the first
train I saw, and am now in Omaha."The news editor of the Times must
have known by the 22d of April that the
"green lightning in the sky," the cattle-
swallowing fissures in Market street, and
the drowning of frantic wretches, leap-
ing in vain for the Oakland boat, were
fables of the faintest sort. Yet he
multiplied the lurid fables along with the
tale of the feminine Munchausen who
rowed from San Francisco to Oakland in
a skiff."However, the gem of earthquake liars
is quoted in the Cincinnati Enquirer of
May 7. His name is given as Leslie
Gallagher, and he is stated to be a tur-
kish merchant who resided at 812
Diamond street. "The house," he
said, "was shaken to pieces and sank
into the water. He follows up this job
with a choice collection of terms that
make Aeneas look like a pouter cat.
Says Gallagher:"I lived in Cincinnati, and the
loss of life there never will be
known, as hundreds of Chinamen lived
underground and never saw the light of
day. The dogs were buried first and
the human bodies next. They were
thrown into trenches which had been
excavated for the survivors. I saw 1000
persons standing in rotation waiting to be
taken from wagons. The horses would fall dead
in the harness.""I saw women shot for lighting
candles after being forbidden to do so
by the soldiers to do so. Men caught robbing
were shot and their bodies thrown in the
fire. One man was shot for washing his
face in a barrel of water that was used
for drinking purposes.""A drove of twenty-seven cattle were
being taken up Mission street. The
cattle were wild and one was first and
the streets looked like ocean waves during
the quakes."Persons lost all track of time. There
are persons in San Francisco now who
could not tell you what day the quake
occurred if they had to. They are dumb
and do things that they never thought
they could do."As the returns continue to come in
the horrors increase and the wonders
multiply. Some of the individual let-
ters sent to friends and relatives have
a marvel of invention. Apparently all the
liars and fools on the coast have entered
into a conspiracy as to who can tell
the biggest lie about what happened in
San Francisco.SETTLEMENT OF
INSURANCE CLAIMS."I have yet to learn of a single
case," remarked a prominent citizen
today, "where any one of the insur-
ance companies has taken advantage
of a policyholder who has suffered a
loss in San Francisco, and I am in
constant touch with a great many of
their adjusters. Even where the as-
sured had lost his policies and has only
vague knowledge of the amount of
insurance he was carrying in certain
companies, the adjusters have given
him every aid to establishing the proof
of his claim and to facilitate a set-
tlement of his loss on its full face
value. Every one of them discounten-
ances the proposition of discounting
claims; and I know, as a positive fact,
that a great many losses are being
paid without any unnecessary delay
where the proof is conclusive that they
have been caused entirely by fire.""Of course," he added, "if there is well
established proof or reasonable doubt
that an insured building was destroyed
by the earthquake before it was
swept by the fire, settlements are com-
promised and the assured smartly gets
the appraised value of the building af-
ter it was wrecked. Insurance on the
stock in store which was consumed by
the fire after the building was de-
stroyed, is being honored in full as if
its consumption had occurred while
the building was standing."The people who are having trouble in se-
curing settlements are those whose
losses have been complicated by the de-
structive work of the earthquake, for
which the insurance companies under
the terms of their policies disclaim
liability. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers

markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was
displayed in the adjustment and set-
tlement of the losses than in the pre-
sent instance. This is the more re-
markable owing to the great numbers
of the insured and the magnitude of
the losses. They never knew of large
fire losses where greater energy was

sent instance. This is the more re-

Oakland Tribune

W. E. DARGIE, President.

Business Office and Publishing House, 413-417 Eighth St., Oakland.

Honor to Whom Honor Is Due.

We can cordially endorse, in letter and spirit, the following from the San Francisco Leader:

"The men who are working in San Francisco, whether they be Mayor Schmitz or James D. Phelan, are doing work that is above and beyond all politics. They are engaged in the elemental task of restoring a civilization that, but for their efforts, would speedily have dissolved into anarchy. We mention their names not as meaning that they were the only factors in the reconstruction of law and order, but simply because they are supposed to represent two diverse tendencies in the old San Francisco life. They have shown in the present calamity that they are big men. Mayor Schmitz, to use the common phrase, 'has made good.' Ex-Mayor Phelan's work has been beyond all praise. Outside of the city, Governor Pardee and Mayor Mott have both been working like slaves, night and day, in the cause of the helpless and the homeless. We do not believe they, or anyone else engaged in this matter, have had time to think of personal interests. And we resent the intrusion of small politics into the sacred precincts of so great a sorrow as ours."

If there ever was a time when every man who renders the State and his kind a service should be given is due fairly and ungrudgingly that time is now. If there ever was a time when small beer politics and petty animosities should be put aside that time is the present. A great calamity has lifted the people of California from the trough of selfishness and the gruntings of fatted discontent. Common misfortune has taught men to know each other better and to be more responsive to the touch of human kinship and sympathy; readier to bestow praise where justly due and less ready to visit blame where delinquency is not established.

Where every man's service is rightly valued and frankly acknowledged no man is wronged, no jealousies excited, and no ill feeling provoked. Whenever praise of one man is linked with disparagement of another, the general harmony so essential in a crisis like the one through which we are now passing and so ennobling to the human soul is disturbed, the general accord broken and a needless wound wantonly inflicted. The man who sets one neighbor against another at this time is an enemy to the public good. Scrub politics and scrub methods of promoting political designs should be set down on heavily.

The Senate cannot be accused of overhaste in the Reed Smoot matter. Although Smoot has served more than half his term, the committee that has under consideration his right to sit in the Senate as never reported. It is understood that a majority of the committee is in favor of reporting against Smoot, but cannot agree as to what action shall be recommended. Meanwhile, Smoot holds down his seat, votes on all divisions and draws his pay regularly. It looks as if the Senate were indisposed to place itself on record in this matter, and is procrastinating in the hope that the situation will relieve itself.

Knowland's Strong Speech.

Congressman Knowland's maiden speech in Congress brought forth an approving editorial from the Springfield Republican, a journal that keeps an unusually keen eye on proceedings at Washington. It is a high compliment to Mr. Knowland that he should have drawn favorable attention from such a source. Mr. Knowland was advocating the policy of building government ships in government yards, and in sustaining his contention he ably combated the assertion so frequently made that government ships can be built and repaired in private yards cheaper than the government can build and repair them in its own yards. After pointing out that the comparisons are unfairly drawn and are intentionally misleading, Mr. Knowland pointed out that the policy of having all government shipbuilding done by private contract was one which inevitably destroyed the efficiency of the navy yards, and left them wholly unequipped in machinery and skilled men to meet the larger demands of the service. His speech was a severe indictment of the futile policy of the government establishing navy yards and then boycotting them to swell the profits of private contractors.

Symptoms of Welching.

Some of the insurance companies are issuing statements to their stockholders which flatly contradict the statement made so positively and frequently that San Francisco losses will be equitably adjusted. A German company deducts fifty per cent from the face of its liabilities for salvage and earthquake loss. A Milwaukee company deducts twenty per cent. This wide discrepancy reveals the bad faith of the pretense. There was no salvage to speak of, and the earthquake loss cut small figure because it was exclusively on buildings which were not insured up to their full value. For example, a building insured for sixty per cent of its value could suffer an earthquake injury of forty per cent without diminishing the liability of the fire insurance company. The underwriter who sets up a dishonest and insincere pretense to evade liability in San Francisco should be blacked out the world over, and we are glad to see that course is to be taken with welching companies.

The latest fool proposition comes from a correspondent of the Call, who says San Francisco should buy the Presidio. The citizens of San Francisco will have enough to do for the present in the way of rebuilding their city without hunting up new schemes to spend money. Besides, the government will not sell the Presidio.

One Democrat's View.

Oakland, May 14, 1906.
Editor TRIBUNE: I am very sorry that you misinterpreted my question "Is not THE TRIBUNE a Republican sheet?" I would feel flattered if I could justly be accredited with "huge sarcasm."

Being a lifelong Democrat—and a strictly independent one ("suaviter in modo, fortiter in re") and a plain, common working-man, I have felt, like many others both in my station and other walks of life, that editors should be constantly under fire, and that I am competent to do the firing; that good men, in and out of politics, should be "boosted," and the immoral social and political hyenas permitted to wallow in their respective cesspools of corruption, not lifted into positions of honor, trust and profit by the "happy, guileless, peaceful, genial" editors and writers of our newspapers. And the men who are most criticized by the press—the "ascals" and "measureless liars, from whose lips the dear, pure truth, if ever it could spring from hearts so blackened and stained with crime, turns to ashes and bitterness before it can be uttered," men whose "ful and festering chops drip gall and aqua fortis," whose "souls would be lost in the vastness of a pin-head," are too often the ones to bear away the plums—a result made possible by the constant and extensive advertising so freely and willingly given them. The trusts, the railroads, coal barons, steel magnates, etc.—

and they seem largely to control "our" elections—are enabled to find, through such advertising, first the materials they need in their business.

An admirer of Joe Cannon? Joke-anon!
I sincerely hope and believe there is not a man in the ranks of the Democratic party—at least, of the "available timber" class—who would accept a nomination if the Republican party were to degenerate to the point of placing Mr. Cannon at the head of its ticket; it would make the office of President "look too cheap," if Joe Cannon could be even a possibility; the race would be too much like taking taffy from a creeping child—there would be no race at all. (I may, however, as a Californian, be particularly prejudiced against Mr. Cannon, on account of his recent action as Speaker in the California claims matter.)

The campaign of 1908 should be a battle royal—a good, clean, honest fight. And if the right men are placed in nomination there can be no calamity howlers, no grumblers, no regrets, no sorrows "after election." There will be no room for "mud," during the campaign. A good man will be the next President, no matter which party is defeated. Here they are:

For President—Republican, George C. Pardee. For President—Democratic, William R. Hearst.

Respectfully,
E. CLIFTON FISK.

962 Market Street.

The Sacramento Union makes a mistake when it says Mrs. Jefferson Davis is the daughter of Zachary Taylor. The first wife of the Confederate chieftain was the daughter of President Taylor, but she died before the war of secession broke out. The present Mrs. Davis was a second wife.

C. R. Lewis Replies.

Editor TRIBUNE: Just allow me one word in reply to Mr. Brown, "a former Oaklander." He says I am selfish and I suppose I am, for it is a sin that afflicts the whole human race. I suppose an utterly unselfish man does not live today. It is a universal sin which afflicts all men in a greater or less degree. Next, he says that I make rash statements which it would be difficult for me to prove when I say that there is no San Francisco today, that she is but a dream, etc. Now I submit that this is a self evident fact and all the talk and bluff in the world will not change the situation.

What I said was not intended to be in a spirit of gloating over the misfortune of San Francisco. By no means. I have done business in San Francisco during my business career and have always had a kindly feeling for that unfortunate city, and would be the last one to make light of her unhappy condition.

I have been there but once since the fire, and as I stood at the Postoffice building and looked out towards the Mission over the ruins, I could have wept, if weeping would have repaired the damage. I have not experienced so sad a day for many a year as I did upon that occasion. But all feelings of sentiment count for nothing in the great world of commercial affairs. Mr. Brown says that "Oakland will continue to be to San Francisco what Brooklyn has for so many years been to New York." I suppose he means a place for San Francisco people to sleep in. Mr. Brown is living in the past and does not see the signs of the times. There has been a time when that theory was correct, but there has recently been an entire revolution in the affairs of San Francisco and Oakland, and the old time saying of San Francisco to do business in and Oakland to sleep in has become, and from this time forward, is obsolete.

Oakland is on the continent and has the ability to accommodate with homes all who desire to be one of hers. It is logical to build the commercial emporium of the west in the most appropriate and logical position, and Oakland happens to be the occupant of that position, and will profit by it, no matter what is said by Mr. Brown or myself. He says "Oakland will never become the commercial city that the new San Francisco will be, for one great and sufficient reason, namely, it has not now and never can have the deep water facilities of the greater city on the peninsula."

He probably moved away from Oakland when it was yet a village and has not kept abreast the pace of her improvements, or he would never have made that assertion, which is so far from the real state of affairs at the present time. For his benefit I will say that deep water vessels, fully laden with coal, enter the Oakland harbor and discharge at her wharves now with as much ease as they can in San Francisco, and that Oakland has more miles of available water front than there is on the peninsula of San Francisco.

These are not rash statements, but cold facts. I agree with him that workers are wanted and not knockers, and I disclaim any spirit of knocking and only persist in saying what I fully believe, that all indications point to the fact that Oakland is to become the future great city of the coast, because of her geographical position. San Francisco has been an illogical city since the arrival of the transcontinental railroad and deep water in Oakland. San Francisco will grow in a certain degree, but after this present effervescence of sentiment subsides, the solid and permanent growth will be found to be on the continent. I have no desire to pursue this argument further. I have only tried to state fairly what I think the signs of the times portend. I deny any motive to disparage San Francisco, but I shall always, in my humble way, stand up for Oakland.

Mr. Brown has made his prognostication, I have made mine; only the future can decide which is correct. I await the judgment with perfect confidence.

C. R. LEWIS.

"What do you suppose a man means when he says that he hurls another's accusations in his teeth?"

"I suppose he means that he wants the other to eat his words."—Baltimore American.

Miss Smith—Do you think the moths will get into your furs this summer?

Mrs. Close—I hope so; it's the only way my husband will ever get me a new set.—Detroit Free Press.

MALARIA AN INSIDIOUS FOE TO HEALTH

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant ponds, damp cellars, sewer pipes, improperly ventilated houses, decaying vegetable matter, etc. Day after day these germs and poisons are taken into the lungs, and as the blood passes through them it becomes infected with the poison and in its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak and its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked, and if the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the vitality is weak, the appetite poor, digestion deranged, the complexion grows sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. S. It not only cleanses the blood of all unhealthy, morbid matter, but destroys the germs, cures Malaria and restores this vital fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the germs of Malaria and building up the weak, polluted blood S. S. S. gives tone and vigor to the entire system. Book on the blood and any medical advice without charge.

S. S. S.
PURELY VEGETABLE.
THE SWIFT SPECIFIC CO., ATLANTA, GA.

The Mantle of Municipal Greatness

drapes with becoming dignity o'er the handsome figure of Oakland.

On every hand a brightened civic spirit; the rapid building of warehouses, stores and dwellings of a permanent nature; the evidence that the Oakland of May 18th is just about twice as big as the Oakland of April 18th.

And in the Greater Oakland the Jackson Furniture Company has already assumed the place it held in Oakland before its sudden growth, viz.: that of leader.

And it will always be in the lead.

How About Your Home?

Probably the incident of April 18th destroyed a piece or two of furniture or ruined a carpet. Perhaps you have three or four new residents in your home and need a few extra chairs or some beds.

But no matter what you need, if it is in the line of furniture and carpets, you will find it here. And we know full well that just at this particular time ready cash is not any too plentiful—but that's a matter we will be pleased to talk over with you when you call.

THE RIGHT Stove or Range FOR YOU IS HERE ALSO

ALPHABET OF PROVERBS.

A grain of prudence is worth a pound of craft.

Boasters are cousins of liars.

Character is the best asset.

Denying a fault doubles it.

Envy shoots at others and wounds herself.

Foolish fear doubles danger.

God teaches us good things by our own hands.

He has hard work who has nothing to do.

It costs more to revenge wrongs than to suffer them.

Justice has no one.

Knavery is the worst trade.

Learning makes a man fit company for himself.

Modesty is a guard to virtue.

Not to hear censure is the way to silence it.

One hour today is worth two to-morrow.

Proud looks makes foul work in fair faces.

Quiet conscience is quiet sleep.

Richest is he that wants least.

Small faults indulged are little evils that let in great ones.

The boughs that bear most hang lowest.

Virtue and happiness are mother and daughter.

Wise men make more opportunities than they find.

You never lose by doing a good act.—Philadelphia Record.

A FAMOUS HORSE LEAVES KENTUCKY.

The Moor, Major David Castleman's three-year-old saddle stallion, has left his old Kentucky home. He came to this city Tuesday by express, and then started on his long trip across the continent for his new home in Colorado. Clifton farm, in Mercer county, will be the loser by the departure of this horse, which is reputed to be the finest product of many years of breeding. His new owner, General William J. Palmer, is from the Louisville Courier-Journal.

MORTGAGE TAX LAW

BERKELEY, May 18.—At the regular meeting of the Chamber of Commerce held last night in the First National Bank building, the mortgage tax law was the topic of discussion. A resolution in favor of abolishing the mortgage tax law was adopted. This resolution was recommended by a committee of forty men from improvement organizations in the city. Professor Miller of the University of California framed the resolution. A motion was carried to transmit it to the governor to be presented at the next meeting of the Legislature. The resolution follows:

"Whereas, it is desirable by all just and proper means to hasten the repair of the losses sustained by San Francisco and neighboring communities in their recent disaster, and to promote and restore confidence in California as a place of safe investment; and

"Whereas, the accomplishment of this work of repair will require an extensive resort to credit on the basis of real property; and

"Whereas, it is furthermore desirable that the needed loans should be obtained upon the most favorable terms; and

"Whereas, it is also desirable to secure the co-operation of capitalists from every part of the country in furnishing the needed means by removing all impediments arising out of peculiarities in the laws of California; and

"Whereas, the existing system of taxing mortgages is a serious and costly aggravation of the burdens of those who are obliged to borrow on the pledge of real property, and will, if permitted to stand unmodified, prove a serious hindrance to the speedy rebuilding and recovery; therefore

"Be it resolved, That the Governor of California be and he is hereby requested to consider the repeal of the mortgage tax, among the subjects designated by him for action at any special session of the Legislature, which may call for dealing with questions arising out of the present emergency.

S. S. Wyckoff, secretary of the Chamber of Commerce, suggested that the real estate exchange should have the use of the Chamber of Commerce records for their future meetings. This suggestion was favorably acted upon.

President F. E. Thompson, Secretary Wyckoff to employ a stenographer at \$10 per month.

The committee on school buildings appointed at the last meeting of the Chamber of Commerce will have their report of the best plans in which to erect the new school buildings and to repair the high school building, ready next Saturday night, when an important meeting will be held. Members of the board of education are requested to be present.

Charles J. Badger, commander of the United States flagship Chicago, who, during the terrible days following the fire which rendered thousands homeless was in command of the sixth district of the ill-fated city, has commended in the highest terms of praise the work of Charles H. Spear, president of the State Harbor Commission, in restoring normal conditions on the water front of the city. In a recent letter Mr. Spear Commander Badger said:

"Doubtless there are many unknown to me who contributed to this result, but my special thanks are due to yourself, the chief wharfingers, Mr. Walsh, the chief engineer, Mr. Norton, and to the official who had immediate charge of the State fire rigs, Governor Irwin and Governor Markham."

Commander Badger's commendation of the services of President Spear received the hearty endorsement of Rear Admiral C. F. Goodrich, commander-in-chief of the Pacific Coast squadron of the United States navy.

On Friday night following the earthquake, when the entire water front of stricken San Francisco was threatened with destruction by the flames, Mr. Spear took personal charge of the fight against the fire, which by that time had reached the city's waterfront, and it was largely due to his efforts that the fire was finally controlled at that point, and the rest of the water front and the Union Ferry depot saved from destruction.

COMPLAINT MADE AGAINST CAR SERVICE.

ALAMEDA, May 18.—Residents of this city are becoming "sore" at the manner in which the car system is being run. It is claimed that cars on the Santa Clara avenue line do not connect with the City Hall line in Oakland, and that many people are kept waiting for some time on the Webster street bridge. It has been stated that all that the company tries to do is to keep on schedule time and not to accommodate the public.

P. P. Royle, of the West End Alameda Improvement Association, was last night appointed a committee of one by the organization to confer with the officials of the company on the matter.

ASSOCIATION IN ALAMEDA TO SUSPEND.

ALAMEDA, May 18.—It is expected that by the first of June, the Alameda Advancement Association will suspend. Manager John H. Hartog will present his resignation shortly, as he has secured a position in San Francisco.

Because of the existing conditions it has been decided that the organization will have to suspend, at least temporarily. A meeting of the board of directors will be held as soon as possible and probably a meeting of all the members. At that time the course to be pursued will be decided upon.

SHOW IN ALAMEDA.

ALAMEDA, May 18.—Within the next few days the Vernon Stock Company, which has been playing at the Park Theater, will open at the Wigwam on Central avenue at the southern extremity of Seventh street. The big building has been leased and the stage will be removed.

Stop Grumbling.

If you suffer from rheumatism or pains for Ballard's Snow Liniment will bring quick relief. It is a sure cure for Sprains, Rheumatism, Contracted Muscles and all pains—and within the reach of all. Price 25c. 50c. \$1.00. C. W. Smith, Tenth St., writes: "I have used Ballard's Snow Liniment in my family for years and have found it a fine remedy for all pains and aches. I recommend it for pains in the chest." Sold by W. H. Hart's Drug Store, corner of Tenth and Washington streets.

A man may be humble without advertising the fact.

OUR METHODS ARE NEVER SHAKEN

and that is the simple reason why our business steadily grows.

The earth itself may shake and the Russell store get its full share of the vibration.

But the Russell principles of handling nothing but what is pure, fresh and reliable and of selling it at prices that are reasonable and right prevails through earthquakes, fires and things canny and uncanny alike.

BERKELEY FIRE DEPARTMENT

BERKELEY, May 18.—Chief Kenny of the fire department appeared before the Board of Trustees at their meeting as a committee of the whole last night and again laid before them the needs of the fire department. He stated that he needed five more men in the fire department to render the town at all free from dangerous fires. Kenny said that there were too many five and ten dollar a month men and all of these should be let out and three regular men put in their places. As there are thirty-two men of this class connected with the department three regular men could be put on and the five and ten dollar a month men dismissed. Thus the sum which is used in paying off the latter class could be used to a better advantage if three regular men were hired at \$60 a month.

This advice of the Chief was acted upon by the board. The Chief of the fire department asked for was increased to seven. As the wage of \$60 a month is below the wage paid in the department it was agreed that the new men were to receive \$70 in their second year. This would bring their wages up to the standard of the rest of the department. The question of giving the fire department another horse will be discussed at the next meeting of the board.

IN THE MIKADO.

BERKELEY, May 18.—Walter De Leon of this city who has been quite prominently identified with college and town theatricals appeared at the Mikado with Bishop's Company at the opening of Idora Park last night. De Leon was a member of the 1906 class of the university. He was the college yell leader last year.

SAYS HUSBAND WAS TOO CRUEL

A pitiful story of ill treatment and abuse by her husband was related to Prosecuting Attorney Lawrence Greene yesterday afternoon by Mrs. Maud F. Torchio when she called at the police court to secure a warrant for the arrest of Robert Torchio on a charge of battery.

Torchio and his wife were driven from their home in San Francisco by the fire which laid the city in ashes, and they were compelled to seek shelter at the Oakland Relief Camp at Adams Point. They reached the camp on April 30, and Mrs. Torchio alleges that her husband began to abuse her immediately after their arrival there.

On the night of May 12, the camp was suddenly aroused by the screams of a woman, and investigation revealed the fact that these cries had come from the tent of Torchio and his wife. The night watchman inquired the cause of the disturbance, and was informed by Torchio that he had been suffering from a sudden fit of hysteria.

Who had cried out. Fearing worse treatment, Mrs. Torchio did not at that time deny the story of her husband, but yesterday, when she secured the warrant for his arrest, she declared that her husband had attacked her in the tent and had kicked her about madly. Mrs. Torchio says she forced her to accompany him to San Francisco, and on reaching that city abandoned her for a bitter quarrel, and leaving her without money, told her to shift for herself. Mrs. Torchio finally made her way back to the camp at Adams Point. She at once sought the advice of Attorney Dunne, who since the establishment of the camp has had charge of a portion of the relief work, and he advised her to have her husband arrested.

She at once sought out the prosecuting attorney and swore to a complaint charging Torchio with battery. Torchio is a painter by trade, and after leaving his wife, secured work and took up his quarters at the Columbia Hotel at Broadway and Second streets.

FIRE LOSS REFERRED TO LOSS COMMITTEE.

No. 243—John G. Barker, Hotel Colonial.

RUN DOWN FROM GRIP

DR. WILLIAMS' PINK PILLS CURE THIS FORM OF DEBILITY.

After-Effects of Grip Responsible for Much Suffering That This Remedy Will Relieve.

"Four years ago," says Mrs. F. Morrison, of No. 1226 Carson street, South Side, Pittsburgh, Pa., "I took a cold which turned into the grip. This trouble left me all run down. I was thin, had backache much of the time, had no appetite, my stomach was out of order and I felt nervous and unstrung."

"While I had the grip I had a doctor, but I really suffered more from the condition in which the influenza left me than I did from the disease itself. I felt generally wretched and miserable and the least exposure to cold would make me worse. I couldn't seem to get any better until I began to take Dr. Williams' Pink Pills. I very quickly noticed a benefit after I began taking them and they restored me to good health and strength."

"Dr. Williams' Pink Pills are a wonderfully good medicine. Thanks to them I am now in fine health and have had no return of my former trouble. I recommend the pills to everyone who is ailing and take every opportunity to let people know how good they are."

"Dr. Williams' Pink Pills cured Mrs. Morrison because they actually make good, red blood. When the blood is red and healthy there can be no debility. The relation between the blood and nervous system is such that the pills have a very decided action upon the nerves and they have cured many severe nervous disorders that have not yielded to ordinary treatment. Their double action, on the blood and on the nerves, makes them an ideal spring tonic."

\$5000 REWARD—The Dr. Williams' Medicine Co. has authorized the casher of the Union National Bank of New York, N. Y., to pay the sum of \$5000 upon proof of fraud on the part of the company in the publication of the foregoing testimonial, or any others used in making known the merits of Dr. Williams' Pink Pills.

All druggists sell Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50 by the Dr. Williams' Medicine Co., Schenectady, N. Y.

S. E. corner Pine and Jones—Mercantile Fire and Marine, St. Paul.

No. 275—Carlson-Currier Co., 6-8 Sutter street, Hartford, Franklin, Sun.

A Year's Blood. The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance Ky., as a year of blood; which flowed so copiously from his veins that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door when I began taking Dr. Williams' New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and at this time have been permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at Osgood Bros., Broadway corner 7th and Washington, Boston 12th. Price 50c and \$1.00. Trial bottle free.

Their gentle action and good effect on the system really make them a perfect little pill. They please those who use them. Carter's Little Liver Pills may well be termed "Perfection."

The Family Need Not Stay in San Francisco. This summer while the city rebuilds. The Southern Pacific announces low, longer excursion rates to all California resorts—mountain, ocean and springs—from San Francisco and bay points. Rooms and board can be secured for the summer at reasonable rates.

RAGS WANTED. Will pay three cents per pound for good clean rags. Tribune Office, 417 Eighth street, Oakland.

Promote the secretions of the urine and renew the enervated kidneys by using Lash's Kidney and Liver Bitters.

Twelfth and Harrison Streets

Society's Realm

MISS RUTH ALLEN, WHO IS NOW AT MENLO, WHERE HER FAM-
ILY HAVE TAKEN A COTTAGE FOR THE SUMMER, THE MAR-
RIAGE OF MISS ALLEN AND LUCIUS ALLEN WILL PROBABLY
TAKE PLACE THERE IN JUNE.

SOCIETY NOTES.

W. E. P. Deal, the San Francisco at-
torney, with his family, have settled in
an attractive home in Alameda.

Mrs. Archibald McKenzie of San
Francisco is staying with Mrs. Henry
Miller in her new home near Lake Mer-
rit.

Mrs. Kent Esamore, who has done
such efficient relief work at the Lin-
coln school, was the first of a commit-
tee to provide for the hundreds of re-
fugees in Mill Valley.

Miss Mabel Toy and her mother were
severe sufferers from the fire but are
now at the Harvey Toy home in Ala-
ameda.

Dr. T. B. Holmes is soon to have a
handsome new residence in East Oak-
land on East Fifteenth street and
Twenty-third avenue.

Miss Lillian Philipson has been a re-
cent visitor in Benicia.

P. Bach was in Calaveras recently.
Mrs. J. P. Cope and Mrs. Frank Rob-
ertson are in Marysville.

Miss Marguerite Redstone is a guest
at the home of Dr. Boyes in Paso Pa-
rises.

Miss Eunice Gallagher has been in
Calaveras for several weeks visiting
her parents.

WILL REMAIN HERE.

C. D. Dunham has taken a house at
the corner of Chicago and Fourth av-
enues, East Oakland, and will make his
home on this side of the bay. Mr. Du-
nam is general passenger agent of the
Pacific Coast Steamship Company of
San Francisco, and was one of the or-
ganizers and directors of the Transpor-
tation Club of San Francisco. He has
a host of friends.

FOR RELIEF FUND.

Plans are going on for the closing
concert of the spring term at Mills
Seminary to be given Tuesday evening,
May 22, in the Assembly Hall of Chabot
Observatory.

The concert will be under the direc-
tion of Louis Lissner of San Francisco,
and the proceeds will be devoted to the
Oakland relief fund.

The concert promises to be one of
rare excellence and the attractive
numbers are to be contributed by
Members of the musical section of Mills
Seminary.

RELIEF HOSPITAL.

The Alameda County Maternity As-
sociation, of which Mrs. Oscar Phi-
zalen Long is president, has been do-
ing splendid work for destitute moth-
ers. Thirty-three women are now at
the hospital headquarters on San Pablo
avenue and a score of babies are re-
ceiving the attention of nurses and
doctors.

Generous donations of baby clothing
and other supplies have been received
and the mothers are even to be pro-
vided with sewing machines and ma-
terial to make garments.

Among these who are interested in
the work are Mrs. Long, president;
Miss Mabel Gray, secretary, and
Arthur Holland, treasurer, and a host
of assistants.

The physicians who have volunteered
their services are Dr. Lilly, Dr. Car-
penter, Dr. Cole, Dr. Fenton, Dr. Foster,
Dr. Halton, Dr. Harris, Dr. Holmes,
Dr. Knox, Dr. McClurg, Dr. Milton, Dr.
Bushman, Dr. Orr, Dr. Plum, Dr.
Dudley Smith and Dr. Ewer.

PRESS CLUB.

The board of managers of the Press
Club held a meeting yesterday after-
noon and a special committee was ap-
pointed to secure new quarters im-
mediately. The club will probably be
settled in a new house within a week.

IN THE SOUTH.

Mrs. Cornelia Stratton is the guest
of friends in Santa Barbara and will
remain in the South for a month
where she is being delightfully enter-
tained.

FROM NEW YORK.

The California Relief Association in
New York, organized by Californians
at public meetings in the Casino The-
ater and Waldorf Astoria Hotel under
the auspices and assistance of the Cal-
ifornia Club, has appointed a perma-
nent committee on supplies.

The committee is acting in associa-
tion with local relief committees and
the good work will be continued as
long as the need exists.

Cain's warehouse, 519 West Thirty-
eighth street, has offered to receive
contributions of all kinds for ship-
ment and the American, Westcott's,
and Adams Express Companies have

offered to call for and deliver packages
to the warehouse free of charge.

Cash contributions are being sent
to Mrs. Thomas J. Vivian, treasurer,
for the purpose of purchasing articles
which are needed. The committee in-
cludes Mrs. Thomas J. Vivian, Mrs.
Edwin Stevens, Miss Rita Allen, Mrs.
W. H. Ketcham, Miss Margaret An-
geline, Mrs. Thomas Whiffen, Miss
Blanche Bates, Mrs. H. C. Laukots,
Mrs. William Collier, J. D. McGinn,
W. A. B. Scott, W. H. Ketcham, Wil-
liam E. Burg, Walter Wesendonck,
Louis A. Imhaus, Hubert A. Tracy, M.
Abrams, Edward K. Somersell, Le-
land Stanford Silliman, J. D. Redding,
H. I. Kowalsky, D. L. Frawley, Frank-
lyn Brooks.

Last evening John R. Robertson en-
tertained the Friendly Club at his
home, 2017 Webster street, San Fran-
cisco. The members of the club
were present, and enjoyed the deli-
cious dinner which their host provided.
The evening was spent in a discussion
of the means which the club will take
in the upbuilding of their city.

The committee in charge deserves
praise for the efficiency in locating
every one of the fifty members who
were all present.

FRIENDLY CLUB.
The club women of Oakland have
proven themselves to be worthy of the
highest commendation and fit for the
great work which fell to their share
during this crisis.

NEW RESIDENTS.
August Haneberg, a well-known sug-
ar planter of the Hawaiian Islands,
has returned to Oakland. Mr. and Mrs.
Haneberg are going to take possession
of their home, 640 Oakland avenue,
the latter part of this week.

HOME WEDDING.
Eastman F. Smith, son of Mrs. Bes-

se T. Smith and Miss Elsie Goldecker,
youngest daughter of Mrs. M. Gold-
ecker, were quietly married Sunday,
May 13, at the home of A. Gantenlaub
on Vallejo street. Rev. Mr. Eudenberg
officiated. Only relatives were
present and immediately after the
ceremony Mr. and Mrs. Smith left for
the East.

CIVIC CLUB.
The Woman's Civic Club was the
first of the clubs to organize for re-
lief work and since the disaster have
given their entire attention to the
care of refugees in this city.

At the Chamber of Commerce the
president of the club, Mrs. Clarissa
Morris and Mrs. Frances Williamson,
the secretary with a number of assis-
tants, have supplied numerous fami-
lies with clothing, bedding and food.

The women of the club responded
promptly to the call for aid and night
and day they worked faithfully for the
relief of the unfortunate.

The club women of Oakland have
proven themselves to be worthy of the
highest commendation and fit for the
great work which fell to their share
during this crisis.

ON THIS SIDE.
Mr. and Mrs. Dixwell Hewitt have
rented their home on Broadway and
Scott streets and have come to live on
this side of the bay.

Mrs. William B. Carr, regent of Se-
quoia Chapter, D. A. A., is at 2053 Al-
ameda avenue, Alameda.

Mr. and Mrs. Leonard Chenery have
been at the Grinnwood home in Fruit-
vale since the fire but Mrs. Chenery
left a few days ago for New York
where she will visit her mother, Mrs.
Patton.

SEQUOIA CLUB.
A meeting of the Sequoia Club was
held Wednesday evening at the home
of Mrs. Lydia H. Bryan of 2422 Bu-
chanan street, San Francisco, to dis-
cuss the advisability of continuing
the club along the lines of organiza-
tion which it has heretofore followed.
After a spirited discussion it was
decided by the fifty members to con-
tinue the club as before the fire.

The following officers were elected
to direct the destinies of the club: Al-
lan Dunn, president; Mrs. Adolphus
Graupner, vice-president; Mrs. Lewis
Long, treasurer; Edgar D. Peixotto,
secretary; William Greer Harrison,
R. M. Smith and Mrs. C. A. Jack-
wkins, directors.

On assuming the president's chair
Mr. Dunn made a clever address re-
garding the future prospects of the or-
ganization. Intermingling some spark-
ling with a wealth of serious sen-
timent, he then reappointed the old
entertainment committee, with Mr.
Adolphus Graupner as chairman.

A committee of five—M. F. Hannett,
W. C. Morrow, William Greer Harri-
son, R. M. Smith and Mrs. C. A. Jack-
wkins—was appointed to secure a per-
manent location for the club, and
pending the report of this body the di-
rectors are to meet every Wednesday
evening at Mrs. Bryan's home.

**COMPEL OFFENDERS
TO READ THE BIBLE.**
Instead of imposing a fine upon dis-
orderly youths who are brought be-
fore him, Mayor McCook of Lancaster, Pa.,
has adopted the plan of compelling the
offenders to read aloud a chapter of the
Bible. He then discharges them with a
lecture and reprimand. The Mayor be-
lieves that in certain mind cases this plan

There are cases where an operation
is the only resource, but when one con-
sider the great number of cases of
menacing female troubles cured by
Lydia E. Pinkham's Vegetable Com-
pound after physicians have advised
operations, no woman should submit to
one without first trying the Vegetable
Compound and writing Mrs. Pinkham,
Lynn, Mass., for advice, which is free.

Miss Margaret Merkley, of 275 Third
Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:
Loss of strength, extreme nervousness,
shooting pains through the pelvic organs,
bearing down pains and cramps compelled
me to seek medical advice. The doctor, after
making an examination, said I had a female
trouble and ulceration and advised an opera-
tion. To this I strongly objected and decided
to try Lydia E. Pinkham's Vegetable Com-
pound. The ulceration quickly healed, all
the bad symptoms disappeared and I am
once more strong, vigorous and well.

Female troubles are steadily on the
increase among women. If the month-
ly periods are very painful, or too fre-
quent and excessive—if you have pain
or swelling low down in the left side,
bearing-down pains, don't neglect your-
self; try Lydia E. Pinkham's Vegetable
Compound.

There are cases where an operation
is the only resource, but when one con-
sider the great number of cases of

Pabst Beer Clean Beer

Physicians have said there is
nothing better than Pabst Blue
Ribbon Beer as a vitalizing tonic
because they know how it is

made. They know the Pabst
eight-day malting process and
they understand the import-
ance of the perfect purity and
cleanliness of the Pabst
exclusive process of
brewing. They know the health-
fulness of the beer
produced by the

Pabst process. People, and
especially doctors, demand
that everything they eat and
drink be absolutely clean.

Pabst Beer is always clean
and wholesome. The Pabst
brewery is as clean as the
cleanest kitchen. In the long
process of brewing, Pabst beer
never comes in contact with
anything unclean. The
tubes through which
it is run, from the time
the grain is mashe
until the
beer is
bottle
or keg
ged, ar
sterilized, to prevent any im-
purity or uncleanness. Pabst
Beer is not fermented in open
vats, as is usual in breweries

but in special Pabst hermetically sealed tanks, into which no air, except pure filtered air, en-
ters. Pabst Blue Ribbon Beer is not cooled, as is usual, in rooms where men walk in and out
but it is cooled in specially constructed sealed coolers where no hands can touch it, no breath of fo-
air can taint it. Only sterilized air is used to oxygenate it. It is then stored in hermetically sealed
storage tanks until science and the test of time pronounce it perfect beer in age, purity and strength.

When Ordering, Call for Pabst Blue Ribbon Beer

is better than a fine, which is often paid
by parents at any rate.—Philadelphia In-
quirer.

THE NOVELIST IN PARLIAMENT.
There are more literary men in Parlia-
ment at present than there were at any
previous time. Both sides have their
popular novelists. Sir Gilbert Parker is
an old member; the new men include
A. E. W. Mason, author of "The Four
Feathers" whose eye glass is familiar

HERE IS RELIEF FOR WOMEN
